***8th ICEVI European Conference
on the Education and Re/habilitation
of People with Visual Impairment***

30 June – 5 July 2013

Istanbul, Turkey

www.icevieweurope2013.org

8th ICEVI-European Conference
on EDUCATION and RE/HABILITATION of people with Visual Impairment

1 Welcome

More than ever the forthcoming conference in Istanbul aims to be a meeting place for all people who are in any way involved in the education and re-habilitation of people with a visual impairment.

Underlying the programme for this conference is the International Classification of Functioning, Disability and Health (ICF). One of the aims of the ICF is to provide a common language of use to everyone who is working in this field. In addition, this conference is organised in such a way that presentations will be organised by age categories: children of 0 – 6 years, children in the school age 7 – 21 years, adults of 22 – 60 years and elderly people.

Hopefully this will stimulate the exchange of knowledge and experience with colleagues from across Europe.

The conference will also offer various professional groups the opportunity to organise meetings and share experience.

Therefore we will have many possibilities for an interesting and inspiring conference; a breeding ground for the next four years. I hope many of you will accept the invitation so we can say “see you soon in Istanbul”.

Hans Welling
Chairman ICEVI-Europe

www.icevi-europe.org

2 A Changing Future with ICF

This is the theme of the European Conference. More and more the ICF plays an important role in the drive to obtain a clear picture of why people with disabilities face challenges in their efforts to take part in society. The ICF will help us, together with the persons involved and with other professionals to further determine in which way support can be offered.

It concerns:

- The visual system
- Activities and participation
- Environmental factors
- Personal factors

The ICF is not just important in the field of interdisciplinary cooperation and the achievement of individual support plans. ICF also offers important building blocks for scientific research and the development of policy by organisations and government. Therefore it is important to have knowledge of ICF before the conference, since ICF will be central to the conference.

- **Dr. Paul Looijestijn**
from the Netherlands will give a keynote presentation about ICF and he will also lead workshops
- **Maria Kyriacou**
from Cyprus will address the area of children in the age group 0 – 6 years
- **Prof. Dr. Sven Degenhardt**
from Germany will be concerned with the ICF for children of school age
- **Prof. Dr. Ayse Karaduman**
from Turkey will talk about adults with a visual impairment and
- **Krisztina Kovács**
from Hungary will look at issues concerning the elderly

As previously mentioned, the conference is structured in such a way that you will be enabled to meet colleagues concerned with similar work to yourselves. Perhaps this offers possibilities to develop a network which can continue after the conference.

ICEVI 2013 Conference Scheme

Which main category do you think your topic of presentation fits in?
(E.g. **A1c** means, your presentation will be on 0-6 years old child/Visual system/ assessment)

8th ICEVI-European Conference

Istanbul is the meeting point of continents

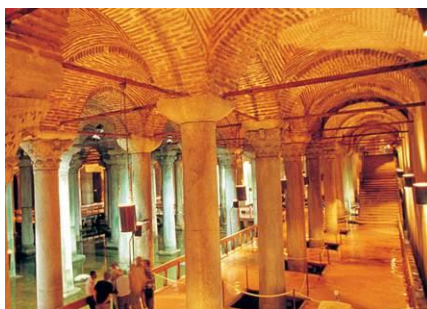

- [European \(Thrace\)](#) and the [Asian \(Anatolia\)](#) sides

There will be a sightseeing tour by boat through the Bosphorous

Istanbul is also the melting point of several cultures.

There will be a visit to historical places of Istanbul in the Old Town, Hagia Sophia

Free Time & Leisure time

Shopping in the Grand Bazaar

7 European Awards

For the first time the Board of ICEVI-Europe has decided to present an award to three people who have made a special contribution to the lives of people with a visual impairment.

Therefore each individual or corporate member of ICEVI-Europe is invited to submit to the Awards Committee the nominees who meet the following criteria:

1. have made a significant and lasting contribution to the field of education and/or re-habilitation of blind and partially sighted people, that has had an impact beyond their own school or organisation and
2. have made a significant and long lasting contribution to ICEVI-Europe.

Nominations should be prepared in an abstract that does not to exceed two single space typewritten pages. This document should explain how the person meets these criteria and why they would be a worthy recipient.

It would be valuable when the nomination contains letters of recommendation.

Please send nominations to the secretary,
Elly Aardoom ellyaardoom@visio.org

The Board will appoint a committee, who will judge the nominations and make a final choice.

8 General Assembly

During the conference the General Assembly will take place.
Before the conference you will receive an agenda.

At this moment it is clear that the following matters will be discussed:

- Commemoration of the ones who we have lost
- Presentation of the Awards
- Approval of the annual report
- Election of the chairman
- (Re) election of Board members
- (Re) election of contact persons for each sub region
- Bid for the conference 2017

Meetings of the regions of ICEVI-Europe.

The conference also offers a good opportunity for a meeting of the sub regions.
Despite occasional sub regional conferences it is not always possible to meet each other.

A meeting during the conference offers the opportunity:

- To meet and exchange knowledge and information
- To make proposals to the Board of ICEVI-Europe
- To nominate contact persons

Before the conference an agenda proposal will be made by means of a newsletter.

Erratum: South European countries

Ana Isabel Ruiz López will continue being the representative of the Southern European Sub region.

8th ICEVI-European Conference

on EDUCATION and RE/HABILITATION of people with Visual Impairment

9 Membership

Please use your membership of ICEVI-Europe:

- It gives you voting rights
- It gives you a discount on the conference fee

But pay your membership fee on time.

ICEVI-Europe cannot exist without your financial support.

Therefore, here is a reminder for membership 2012 and the following years.

The membership fees are:

- Individual member 25 Euro per year / 100 Euro for 4 years
- individual member from Eastern Europe and from the Balkan countries 10 Euro per year / 40 Euro for 4 years
- Corporate member without own budget 200 Euro per year
- Corporate member with less than 100 employees 350 Euro per year
- Corporate member with between 100 and 200 employees 500 Euro per year
- Corporate member with more than 200 employees 800 Euro per year

The **NEW** international bank account number of ICEVI-Europe in Huizen, The Netherlands is:

ING, account number: 4890207

BIC: INGBNL2A

IBAN: NL90 INGB 0004 8902 07

Contributions can be made by Internet or payments can also be made during the European Conference in Istanbul.

Please be aware that the conference fees for workshops and the European conference are considerably less expensive for members.

Please also read the newsletter of July 2012, where you will find important information about the conference and the General Assembly.
