

Report of 4th Workshop on Training of Teachers of the Visually Impaired in Europe, 23-26 September 2004, Budapest, Hungary

This full report is available at www.icevi-europe.org on the Home page at 'Teachers Training'. The full text of all opening Keynote and plenary speeches are included. The full text of papers given during the meetings of the topic groups, along with detailed reports of discussion that took place, are all available. The groups are numbered 1,2,3, and 5. This is because originally there were 5 topic areas, but this was reduced to 4, with the original topic 4 being omitted.
